

# NIGHT OWL

## Oak School PTO Benefit

We are pleased to announce our biennial fundraiser, “**Night Owl**,” will be held April 13, 2018, at the historic Hinsdale Golf Club.

We are respectfully requesting your help by supporting this highly anticipated and attended event. The funds raised will allow our PTO to provide two years of enrichments above and beyond what our school district budget will allow. This year is especially important to Oak School, as we are also raising funds to support a STEAM lab initiative to expose our students to this ever-growing educational component. STEAM stands for Science, Technology, Engineering, Art and Mathematics, and labs offer essential maker space/artists’ studio/fabrication environments. The STEAM Lab helps teachers and students explore the connections between the arts, science, and math, and incorporate new technology into their projects. Students experience the parallels of the artistic, scientific, and design processes and delve into 3D modeling and design, electronics, digital media, and fabrication.

As a supporter, you will assist with maintaining the first-rate programs offered at Oak School, which makes us one of 117 elementary schools in Illinois designated as a Blue Ribbon School, recognized by the Department of Education for achieving superior standards of academic excellence.

Attached is a form which outlines how you can help, or visit our event website at <http://nightowl.gesture.com> for ease and convenience!

Our school wouldn’t be the institution it is today without the support of our amazing parents. On behalf of Dr. Henrikson, teachers, staff, parents, and children at Oak School, we thank you for your consideration.
